The copy filmed here has been reproduced thanks to the generosity of:

Harold Campbell Vaughan Memorial Library Acadia University

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol \longrightarrow (meaning "CON-TINUED"), or the symbol ∇ (meaning $\mathcal{L}(ab")$), whichever applies.

Maps, pletes, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

Harold Campbell Vaughan Memorial Library Acadia University

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commançant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole \longrightarrow signifie "A SUIVRE", le symbole ∇ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à drcite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivents illustrent la méthode.

HE CIRCULAR LETTER OF THE NOVA SCOTIA CENTRAL BAFTIST ASSOCIATION TO THE MEMBERS OF THE CHURCHES OF WHICH IT IS COMPOSED.

lear Brethren,-

The Divine Word commends the housekeeper who brings forth t of his treasure things new and old. Of these the old are often ebest. We now, in humble imitation of the word, and without sparagement of the many new things that may be profitably prented, commend to you in this communication the old subjects, the ford of God and Faith. Old, certainly, they are, but capable of wappreciation of their value, and new demonstration of power the practical operation, through them, of the Spirit of God that y make them become to us as the freshest and newest of truths. We are not, indeed, afraid that the value of these precious things lever die out of the world, for we trust that they have much re to do in it, that they are destined to perform here a greater ik than they have ever yet done, but we do fear that there may ne occasions of temporary forgetfulness of their value, of very mul influence. May we ask you whether, for example, the timepored practice of reading the Bible in family gatherings is now rished with the care and fidelity that some of you may remember have been formerly practiced among us.

But, however this may be, we all shall agree that the world, and tainly the churches, need every day, and, if possible, more than r, the renewed influence of Bible truths. There is no modern ree or form of thought, there never will or can be any, that shall ry the weight, diffuse the knowledge, or reflect the glory to be ad in God's Word.

but, at the present time, as is well known, a special war is being ed against the Word of God as His Word; and it becomes all servants, now particularly, to shew their allegiance to Him by ewed and increased attachment to His Word, thus warred against. Divine character of the Word, let us remember, is one of our timportant bulwarks, our strong defense against countless evils; it is our duty and interest to defend it, as soldiers defend a tess against the enemy, that the word, like a defended fortress, itself in turn become our protection and strong defense. and this strong tower let us gather in manner as the Psalmist ks in regard of Zion: "Go round about her, mark well her arks."

his subject is rich in valuable suggestions, but as we refer here e Word of God only as a natural introduction to faith in that

op. art. Word and in God, we abstain from following the rich vein that opens all before us, in order to turn to cur principal point in this letter, FAITH, the Faith in the Word—in God—in Christ—that old subject that demands from us such sort of thought, such character of mind and such heart applied to it, as, with God's blessing, shall clothe it all anew with freshness and power. This newness of faith as a great reality, le a necessity and a power, attended with great magnitude of results is what we wish to make the burthen of this address.

"Oh fools and slow of heart to believe all that the prophets have de spoken," Luke xxiv. 25. "If two of you shall agree on earth a soll touching any thing that they shall ask, it shall be done for then ear of my Father which is in heaven," Matt. xviii. 19. "If ye have with faith as a grain of mustard seed ye shall sny to this mountain verremove hence to yonder place; and it shall remove; and nothing Al shall be impossible to you," Matt. xvii. 20. "If ye abide in m will the and my words abide in you, ye shall ask what ye will and it shall not be done unto you," John xv. 17.

These, you know, are some of the wonderful words with which hims Jesus shewed his disciples how little faith they had; and how much lese they ought to have and might have.

These words and many like them from the mouth of Jesus shere there us the same truths as respects ourselves, and were spoken for the Amend; that is, to shew us the same things which they shewed Christ ble fa immediate disciples; for whatever applies to us and our circum ather stances were spoken on our account. These statements we believ how pound you will freely admit.

Let us then compare the faith we see or know of as practical more in existence with the measure indicated in these words, and whe Ther can we say to our Divine Master of the result of the comparison at any What should we say if He were now to come and ask, "When the Jew Son of Man cometh shall he find faith on the earth?"

The above quoted words are truly wonderful. How the meaning they contain swells and grows as thought rests on them ! And y they are as plain in their meaning as they are wonderful. It plain that if we do not believe as the words imply. We are "for and slow of heart."

It is plain that not only in private but in concert with others, may ask what we will and it shall be done, to the extent, even, bidding mountains remove to another place. And it is plain that needs only to abide in Christ, and for *His words to abide in us*, order for these things to be realized,—to become a great reality.

Observe, too, the prominent place thus given to Christ's words the words or Wora of God. This degree of faith will produce eff if we abide in the words of Christ. It is then a great reality the we see Faith such as this may be.

In all this we see how complete a provision Jesus made en before He left the world for the unlimited growth of His churchsalvation,—of good, of heavenly good, in men's hearts. And the provision continues; it is not diminished in the least. We have

It is the difficulty of restoring fallen churches. Are the topole never to be recovered from their long unbelief? How the meaning thread and wine, or the mother of our Lord, never to find that the millions who almost or altogether worship saints, or the visi-thread and wine, or the mother of our Lord, never to find that e wonderful. It is of Protestant Churches never to merge in oneness of faith the tie of one Lord, one faith, one Baptism? Are the ongs and errors and evils in those Churches never to be scatter-the extent, even, fidolatry of spirit so rife among us, this weakness of faith that ressuch a wealth of gracious provision without results. Are all he extent, even, a monarry of spirit so rife among us, this weakness of faith that and it is plain that we such a wealth of gracious provision without results. Are all to a bide in us, be things to remain thus? Are they never to be remedied. Did to Christ's words is in His Kingdom ere he ascended on high. Is it not plain h will produce effective, sufficient, as set forth a great reality the words above quoted? Are any of these things requiring to done a greater difficulty than the removing of a mountain from done a greater difficulty than the removing of a mountain from

of His church-hearts. And thesity of faith, to the removal of great and terrible ills. But it is least. We have true that there is nothing on earth equal to faith in power. He

that made the lightning and the thunder, and who moves the inventive genius of man to the discovery of the mightiest forces nature, has revealed to us the truth that faith, as a grain of musta seed only, is adequate to the removal of every evil on earth, ever mountain of difficulty however appalling it may appear in the magnetude and fierceness of its power.

What, then, can equal in pressure the duty of faith resting on a Churches of God? When, therefore, you gather yourselves gether, dear brethren, as the disciples and servants of Christ, refie we beseech you, on the vastness of the work you have to do. REPORT ON OBITUARIES.

So far as now known none of the ministers within the limit this Association have deen removed by death during the As tional year. DENOMINATIONAL LITERATURE.

he Lord's people Committee on Denominational Literature report as follows : advanced state of Education in Common and Sabbath eath during the discauses a eraving for abundance of reading matter by the in our families and our churches. It, therefore, becomes an parents and those who conduct our Sabbath Schools to be guarded in supplying the existing demand for books and icals to see that they are of a description that will nourish nd whose service est aspirations of our children. Sensational novels and newspapers abounding in tales if not altogether immoral, uriously exciting the imagination, are very pernicious in their by, and should be discouraged by all lawful means. But the y must be filled with reading matter suited to the moral that exist. Books sound in principle and doctrine, and ordinary nature icals that can be relied upon, are published and sold by the sive reading and can Baptist Publication Society, and we commend them as

The British American Book and Tract Society at Halifax has sale inviting and cheap books and papers that can be chosen for and there is but little risk of their contents being such as we, a denomination, would object to. But in all cases parents teachers, in making selection of reading matter for the your should exercise care and discrimination.

The Christian Messenger has been forty years before our deal ination as its acknowledged organ. We, therefore, commend it a useful family paper; at the same time; whilst we consider: paper in its usual reading matter to be equal to any religious re in our Province, still, from the advanced state of Education moted by our Academy and College, we think it desirable to forward to having it a periodical that will meet more fully demands of the times. Increased circulation would, no do enable the proprietor and publisher to engage more editorial as ance, which would conduce to its improvement.

We would discourage the taking by families in our denomination of papers under a religious title purporting to be highly liberal ege their teaching, very evangelical in doctrine, and free from all tarian bias; as such papers will usually be found conducted our persons of most advanced partizan views, and strongly tinct furo with opposition to Baptist views and principles.

In conclusion we strongly recommend every family conne with this body to supply itself with a religious paper, and one: lished as an acknowledged organ of the Baptist denomination. All of which is respectfully submitted,

REPORT ON MISSIONS.

22

(F)

The spirit of Missions is the spirit of Christ. Hearts be in sympathy with the purpose of the Redeemer will setextend His kingdom.

It is a matter for congratulation that the missionary spirit churches is steadily increasing; that Christians are feeling; than ever the debt of gratitude they owe to Him who has said says to-day to those bearing His name, "Go ye into all the r and preach the Gospel to every creature.' When each Chr. shall regard this command as addressed to himself personally. that his treatment of it is the only true testimony of his h and attachment to his Divine Lord, then may we expect the Spirit to descend in rich measure on all our churches.

In regard to our Foreign Mission your Committee would en of their continued appreciation of the work of the Board, as a sur the self-denying toil of our brethren and sisters who are ad tia engaged in teaching the perishing Teloogoos the way of life is have reason to be grateful to our Heavenly Father that han Churchill's health is so far restored that he can engage active ag the work which lies so near his heart. Your Committee regard Home Missions as the right arm denomination. In proportion as the home fields are proper may we expect to succeed in extending the Redeemer's k beyond our own borders.

Notwithstanding the heavy debt which has been restin such weight upon the Missionary Union for the past ye which had crippled its energies, we are glad to learn that the cial condition of the Board is much better than could have anticipated. REPORT ON SABBATH OBSERVANCE.

When each Char ie Committee on "Sabbath Observance" beg to report as fol-

The house of God is the proper place of resort during fields are proper blath Day for all, whenever and wherever practicable.

he Redeemer's kine only license to labour on that day may be gathered from the t and example of our Lord when on earth. He, the "Lord Sabbath Day," taught that it was lawful to do well on that But even the well-doing was to be restricted to labour absonecessary to satisfy the ordinary demands of nature, the d to learn that is ion of suffering, and saving the life of man or beast. Thus r than could have Him performing miracles of healing, justifying his disciples ng the whole line sing and eating corn to satisfy hunger, &c., &c. (See Matt. 13; Mark ii. 23-28; Luke vi. 1-10, and kindred passages.) notwithstanding these plain directions and indications as to ervance of the day it is to be deeply regretted that Sabbath ose labors are all tion is so common among men Passing over the open flaawakening a deviolations of the Sabbath, which properly belong to another tion, we would call the attention of this body to the great t earnest and Fin the observance of the day on the part of many professing npathy and codens, and the tendency to abuse the liberty given by our Lord, is engaged. It avoring to make out cases of necessity and mercy which

only become so on account of past neglect, or a strong desire for pleasure or pecuniary advantage. For instance, it becomes work of necessity to prepare fire-wood to keep the family from suffering to bake the meat for dinner or the rolls for supper, or to blacket the boots on Sunday morning, and to do a hundred other thing because they were neglected on the previous day. Many person who would not be seen laboring on the field or in the shop seem to have no scruples about performing a journey in order to be read for the transaction of business on Monday morning. Some endcard to compromise matters by starting in the morning and attendin some place of worship on the way, and finishing the journey in the evening. Many use the day for the interchange of social visit which they regard as harmless, and visiting the sick likewise, which indeed has the semblance of well-doing, but very often the sick-room is crowded to suffocation on that day, while for the next six days the patient is left to suffer for want of proper attendance. And by fa too common is the practice of standing around the place of worshi discussing all kinds of worldly subjects, making bargains, ravin debts, and such like business transactions, but for which, some least, would seldom be seen at the house of God. These and sim lar engagements on the Lord's Day by professing christians go ver far to lessen the respect for the day among the ungodly, and ten greatly to the hindrance of the cause of truth in the world.

That reformation in this respect is necessary needs no argument Your Committee would most urgently press home upon all heads families the importance of maintaining in their households the Sen tural observance of the day. If this were done many of the eri complained of would disappear. They also recommend that of pastors, missionaries, religious teachers, and all persons of influence give this subject a more prominent place in their sermons a teachings, and all their public exercises, with a view to the correction of the growing evils of Sabbath desecration, and to the due rem rence and observance of the Divine command, "Remember t Sabbath Day to keep it holy." a mber of

OF THE

NOVA SCOTIA BAPTIST HOME MISSIONARY UNION

In presenting their fifth Annual Report the Executive Board of Nova Scotia Baptist Home Missionary Union desire to make gas ful mention of the manifold blessings which an indulgent Fah has been pleased to bestow upon our efforts during the past we It has been a year of comparative prosperity. Difficulties has been overcome, burdens have been removed and an amount of we performed altogether beyond our anticipation. Having entered on the duties of the year with a heavy debt resting upon our chequer, we have had occasion for increasing gratitude in with ing from month to month the gradual diminution of our liability whilst at the same time a fair degree of progress has been made our missionary operations.

THE LINE OF POLICY PURSUED.

It was deemed expedient by your Board, in enterring upon responsibilites of the year, not only to adopt the most economic methods of carrying on the work in which we were engaged, also to pursue the policy of retrenchment so for at least as ensure the liquidation of all our debts before the close of the pertarte We are happy to state that this purpose has been well-nigh effect viatio In pursuing this line of policy however we have necessarily restricted as our efforts in evangelization to such a degree that the work perfor and the consequent results are small when compared with the former years. It is by no means a difficult matter so to man the business of our Board as to be able to report a satisfactory That can be done simply by neglecting help ance in hand. fields, turning a deaf ear to the urgent appeals for aid which to us almost every week, and permitting immortal souls to per without making any other attempt to secure their salvation. we are not ambitious for the fame of those societies which bas solvent treasuries and have nothing else to report.

GENERAL AGENCY.

constant purpose has been to present the claims of our great not merely as an appeal from the Board or from man, but as nd from the Lord to aid in carrying out the lost command, an imperative duty resting upon every Christian. Each is accustomed to say, "We are poor;" but I ask every member church to give something, and I endeavour to persuade them on principle and intelligently. There is reason to hope that onverts have been gained.

Among other things I have suggested improved systems of mi ing funds and have introduced these systems in several churche A good general method is to name an amount such as min reasonably be expected to be raised by a given church, and the show with what ease the money can be obtained on the princip of each member contributing a small sum weekly or monthly.

My strong conviction after three months experience is that energetic man should be kept constantly employed as a mission explorer, inspector and reporter, going to the destitute fields a thence to the stronger churches to stir them up with facts such only a missionary can full understand and describe. I see opp tunities for doing much in the way of securing and arranging untary missionary work on the part of pastors, and I have also several such projects in view."

It is thus seen that the labors of our Agent are not to be me ured, in estimating their utility, by the immediate pecuniary res that have been secured. He has done valuable work as a mission He has, after careful personal inspection, given judicious advia our Board in reference to the allocation of fields, and appointment of missionaries; and he has been by no means un cessful in raising funds. We strongly advise the Board who succeed us to continue his services.

THE BOOK DEPARTMENT.

In the opinion of your Board there is as much need of Baptist literature in our Sunday-Schools as there is of Baptist preaching: our churches. There would be as much propriety in securing to our pulpits ministers who systematically avoid any reference to a distinctive doctrines, as there is in obtaining books the teachings which are guided by that principle. The introduction of such bod into our Sunday Schools is a concession to other denomination that is operating disastrously against our own interests.

During the past year your Board have distributed upwards 1540 volumes of such literature as we could heartily recommend About 13,800 pages of religious and temperance tracts were a gratuitously circulated. The cost of these books and tracts did exceed \$600.00; whilst the receipts arising from volumes amounted to \$630.00. The balance of books on hand may estimated at about \$200.00 in value. It gives us much satisfach to state that during the past four years more than \$3,600.00 we of wholesome Baptist literature has been spread abroad through our land by means of our Book Department. In order to les the expense of this department it was thought desirable to dispe with the services of colporteurs. Dr. Day has, without : remuneration, and at the cost of much labor, received the ba into his own house, unpacked them, re-packed and forwarded the according to order. This has materially lessened our expenditu and, as a result, the Book Department is not only wholly sustained, but it is of some financial advantage to the H Mission treasury.

Your Board earnestly recommend the immediate establish of a Book Room for the benefit of the Baptists of the Mart Provinces. It will be for the wisdom of our denomination decide upon the location of such a Room, and upon the practicable method of conducting and superintending its busing arrangements.

SUMMARY.

It will be seen from the foregoing table that 18 missionaries and gents have been in commission during the year. mavelled, in all, 18,098 miles; preached 1,665 sermons; attended 1,078 other meetings; made 4,678 family visits; distributed 13,800 pages of tracts; baptized 101 persons; and performed 5334 weeks of labor.

In addition to their regular missionary appointments your Board lave, in many instances, introduced pastors to vacant churches, rith much satisfaction to all concerned. In conclusion, it is the sincere prayer of your Board that the

lessing of Almighty God may rest upon the efforts of our nion in the future as it has done in the past. The outlook indeed hopeful. Our chief difficulties have already been overme. It requires only a little energy, wisdom, and liberality in r denomination, with the blessing of Heaven, to secure glorious sults in our evangelistic efforts during the current year. Let us ber in a manner worthy of our exalted vocation and privileges, membering that our Master is Jesus Christ, and our hire immortal als, "And let us not be weary in well-doing, for in due season Respectfully submitted in behalf of the Executive Board,
